

Leff's Wiffle Ball League (LWL) Rules Rainout and Forfeit Policy

- I will make every attempt to get games in unless it is unsafe. That includes playing in light rain or wet conditions. The field handles rain/water well.
- I will make a determination by 4:00 pm on game days if we are cancelling games. If we begin to play and weather becomes unsafe or too severe, a decision will be made to cancel games.
- I will contact team captains via email as soon as a decision is made to cancel. If it is looking questionable I will email word we are playing, but if you do not get an email, expect to play.
- If you do not have enough players or are planning to forfeit, please be courteous to the other team and email and text me (414-704-6058)
